

AMT MEDICAL TECHNOLOGIST CERTIFICATION SELF-ASSESSMENT

Before you submit an application to American Medical Technologist, please ensure that you meet one or more of the following requirements. Use additional paper if needed.

EDUCATION

- Do you possess a baccalaureate degree in medical technology from a program or institution accredited by a recognized regional or national accreditation agency? The accrediting agency **MUST** be US-based. If not, you must qualify under a different route.
- Do you possess a baccalaureate degree **AND** did you complete an accredited medical laboratory technician (MLT) training program or a US 50-week military training program?
- Do you possess a baccalaureate degree other than in medical technology? If so, have you completed at least 35 semester hours of coursework related to the clinical laboratory sciences (such as biological science, microbiology, organic chemistry, biochemistry, mathematics)?

Note: International applications **MUST** have their credentials evaluated by an evaluation agency listed on the AMT website. The US equivalency summary **MUST** indicate that your education is **EQUIVALENT** to a baccalaureate degree or higher.

- Have you successfully passed another generalist MT exam? If so, indicate agency: _____

List below the courses that qualify for the 35 semester hours:

Note: A. one quarter hour = 2/3 semester hour B. one semester hour = 15 clock hours C. one quarter hour = 10 clock hours

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

Course: _____ Semester hours: _____

LABORATORY EXPERIENCE

- Have you graduated from our program within in the last 5 years?
- If you possess a baccalaureate degree in a field other than medical technology and have NOT, in addition, completed a qualified BS-level medical technology program, do you have one year **(2080 TOTAL HOURS)** of approved clinical laboratory experience? You MUST also have this experience if you graduated from your accredited program more than 5 years ago. The information below will help determine if your clinical experience will be approved.

1. Dates of employment:

Employer _____ From _____ To _____ Hours _____
Employer _____ From _____ To _____ Hours _____
Employer _____ From _____ To _____ Hours _____

2. Is the lab in which you gained clinical laboratory experience accredited? Yes ___ No ___

If yes, by which agency? _____

3. Does your clinical experience include **the equivalent of** one year of testing on human samples?

Yes _____ No _____

4. What clinical laboratory techniques, methodologies and instruments did you use while gaining the one year of clinical laboratory experience?

5. List the tests that you performed in each category. You must have performed testing in each discipline if your education did not include an externship with appropriate rotation through each area.

- Blood Banking _____

- Microbiology _____

- Chemistry _____

- Hematology _____
