

Notice to International Applicants

International applicants must have their foreign educational credentials evaluated **PRIOR** to examination. Philippine applicants who possess a license issued by the Philippine Republic Professional Regulation Commission need only submit a copy of their license and transcript. No further evaluation of their foreign educational credentials is required.

There are several companies that perform these types of evaluations. For information related to this service please visit one of the following:

National Association of Credential Evaluation Services (NACES) at <https://www.naces.org/members>

Association of International Credential Evaluators (AICE) at <http://www.aice-eval.org/>

All the above organizations list current members who evaluate foreign credentials. **Please be advised that all evaluations must be course by course. Evaluations of an overall program are not acceptable.**

If your credentials are evaluated by a company that is not listed with these organizations, they will not be accepted.

VISA Information

The following are resources that might be useful for those interested in obtaining an H-1B visa.
