**January 3, 2017**

### **AMT LAUNCHES PRACTICE EXAM TO ASSIST IN CERTIFICATION EFFORTS FOR MEDICAL TECHNOLOGISTS IN CLINICAL LABS**

Rosemont, IL—American Medical Technologists (AMT), an internationally recognized certification agency for allied health professionals, is exhibiting at MEDLAB – a global laboratory exhibition that attracts more than 35,000 laboratory professionals. With the new product launch of a practice exam for the Medical Technologist (MT) exam, AMT now offers practice tests for its respected laboratory certifications including Medical Technologists (MTs), Medical Laboratory Technicians (MLTs) and Phlebotomists.

“With a new practice test for those preparing to take the certification exam for medical technologist through AMT, candidates have an important tool to take them a step closer to becoming certified members of the clinical laboratory community,” said Christopher Damon, JD, executive director of AMT.

AMT is recognized for 1) its robust eligibility requirements for laboratory certification, which includes a BS requirement for MT certification and 50 successful venipunctures for phlebotomy technicians; 2) its rigorous exam process; and 3) its flexible and affordable requirements for maintenance of certification with a low annual fee that includes membership and discounted CE.

MEDLAB will take place from **6-9 February 2017** at the **Dubai International Convention & Exhibition Centre**, Dubai, UAE. The AMT booth number is Z5.C41.
