PART II. PERSONAL INFORMATION

NOTE: THIS QUESTION MUST BE ANSWERED FOR YOUR APPLICATION TO BE PROCESSED

Have you been convicted of a felony since you were first certified? Yes No

If **yes**, please submit the felony checklist found on our website and include the following information with your application on a separate piece of paper: date of the felony, nature of the felony, what court and the outcome. Please be specific. Include copies of court documents if available.

Even if a candidate meets certification eligibility criteria, AMT may determine that certain types of felony convictions in an applicant's background may preclude an applicant from sitting for an AMT certification examination. (Note: even if an applicant with one or more felony convictions in his or her record is permitted to take the examination and passes it and becomes certified, some healthcare employers may choose not to hire an individual who has been convicted of a felony, even if he or she is certified. Certification is not a guarantee of employment).

PART III. EXAMINEE AGREEMENT

Please read carefully – you **must** agree to the following policies in order to qualify for this examination:

1. Validity Assurance and Score Cancellation - AMT reserves the right to cancel any examination score if, in AMT's professional judgment, there is any reason to question the score's validity. Circumstances warranting score cancellation may include, but are not limited to: copying from notes or from another examinee's answers; speaking or otherwise communicating with others during the test administration; aiding or receiving aid from other examinees; consulting study aids of any type during the exam; copying, transcribing, or otherwise reproducing test materials; removing test materials from the examination room; or having improper access to AMT exam content prior to the exam administration. Significant score increases upon retesting may also be investigated to ensure the authenticity of results. Misconduct may disqualify you from all future examination attempts and from AMT certification.

2. Exam Confidentiality and Non-Disclosure Agreement - The content of all AMT certification exams is copyrighted and is the property of AMT. Exam materials will be provided to you on a temporary basis for the sole purpose of testing your knowledge and competency in the discipline for which you seek certification. You are required to return any exam materials to the test administrator immediately after completing the exam, and you are prohibited from using or possessing AMT examination content for any other purpose or at any other time. You agree not to disclose, publish, copy, reproduce, transmit or distribute exam content, in whole or in part, in any form or by any means, for any purpose, without the express prior written authorization of AMT's Director of Testing and Competency Assurance. The unauthorized disclosure, publication, copying, reproduction, transmission, distribution or possession of exam content or materials in any form is a crime and may subject you to civil liability and/or criminal prosecution.

3. Retesting - Because performance is evaluated with respect to all content areas, failing candidates who choose to retake the test are required to retake the entire examination. Candidates can retake the examination three additional times after the first failure, up to a total of four (4) times, for that certification. After failing any test, it is recommended that candidates study all areas in which mastery of the material was not achieved (as indicated on a failing score report) before reattempting a test. Applicants are limited to a lifetime of four examination attempts for any one AMT certification. **The applicant may not be considered for certification if he/she fails the examination the fourth time.** A retesting fee of \$90.00 (for RMA, RPT, RDA, CMAS & CMLA) and \$110 (for MT, MLT & MDT) will be required for a second administration or if the applicant fails to show for a scheduled examination. This fee must be paid before he/she may sit for the examination. A retake is permitted no later than one (1) year after the original date of the receipt of the application.

I have reviewed and meet the **current** eligibility requirements for my certification and testify that my conduct for the past three years has been commensurate with the AMT Standards of Practice (available on the AMT website at www.americanmedtech.org).

I understand that once recertified, I am required to comply with the program every three years hereafter and pay annual renewal fees for the continuation of my certification. I understand that my failure to comply with the program will result in decertification.
