Now Accepting Proposals

2020 AMT Annual Meeting Call for Programs

AMT is accepting program proposals for presentation at its 2020 Annual Meeting in Albuquerque, New Mexico on July 13-17, 2020.

AMT's Annual Meeting Educational Program equips allied health professional to take on new challenges and leadership roles that benefit both the individual attendee and the profession. This is a significant opportunity to share your knowledge with the allied health community.

Key Dates

- Deadline for Submissions: October 28, 11:59 PM CT
- Final Selection and Notification to Submitters/Speakers: January 13, 2020

Questions? Contact us at:
www.AMTLearning@americanmedtech.org

Potential topic areas include:

1. Medical Assisting
2. Laboratory
3. Leadership and Professional Development
4. Other Allied Health Professions

Presentation formats include:

- **Keynote Address:** One-hour program delivered on stage to all annual meeting attendees. Keynote presentations should be informative, engaging, and the speaker should be able to energize the audience and have attendees leave the session enthused for the days ahead.
- **General Session:** One-hour program delivered on stage to all annual meeting attendees. General Sessions should present new industry trends and issues that affect all attendees at every stage of the attendee's career.
- **Workshop:** Multi-hour sessions that provide small group interaction (class sizes may be limited, and additional fees may apply). Workshops include classroom-based learning styles of small group discussions, exercises, and opportunities to practice applying concepts.
- **CE Session:** One-hour breakout session (up to 75 attendees).

Helpful Information

- You do not need to be a member of AMT to submit a program proposal.
- There is no cost for submitting a proposal.
- All program proposals submitted via the official site will be reviewed by the AMT Scientific/Speakers Committee.
- Ensure you have submitted all the required information. Entering 'TBD' in any of the required fields puts your proposal at risk of not being accepted. Wait to submit your proposal until you have all the required information.
